General Report Comments: Upon arrival i hooted and shouted but no one came out.

I observed the dog in question barking at the gate. There were monkeys around. The dog appears to be in a good condition and good health. The dog has access to adequate shelter and the living environment is clean.

I then contacted complainant. She told that the dog must keep quiet it must stop barking monkeys and she dropped the call.

I strongly believe the case can be closed. There is no contravention of the animals protection act 71 of 1962.
