CONFINEMENT OF ANIMALS	On running chain	Jumps the fence. The dogs doesn't like kids

General Report Comments: Upon arrival i hooted and shouted.

A black man in his early 60s came to the gate and i shared a nature of complaint. He got frustrated and refused me to enter the property. He then went to house number 4 and began to shout. He swear at number and no one came out. While he was shouting i lookef at his property, on the veranda one dog was on a running chain that is adequate length and the 2nd dog was roaming freely.

The dogs appears to be in a good condition having access to drinkable water and shelter. The dogs are clinically alart and the living environment is clean. I then question why one dog is on the runner and he told me that he is afraid the dog that jumps the fence will bite the neighbors child as this dog dog doesn't likr kids. He further stated that that what pisses him off is that the SPCA is coming to his property for the 3rd time this year alone

He claims he knows who complains as he has received a message on previous day threatening him about his dogs.

There is no contravention of the animals protection act 71 of 1962 and there is no further action that can be taken. I strongly believe the case can be closed.
