General Report Comments: Went to the property met with the Complainant outside the property. The pit bull had gone back to it home. The Complainant said the male pit bull was out, she ran a riding school there she is worried that the pit bull was going to try and bite the horse. Told her that she needed to report all this to metro police.
Then I went to hoot at the gate but no one came out. I saw both dogs they are in good condition, I called the owner and advised him about sterelization and keeping the dogs inside the property at all times. He said he is trying his best but they dig under the fence. His property is fully fenced and gated.
He was going to think about sterelization..
