General Report Comments: Upon arrival i met Andre and he granted me access.

Andre told me that his mom is not home but he knows the cat and two dogs were adopted at the spca.

Three dogs were observed roaming freely at the property and they appear to be in a good condition. The dogs have access to adequate shelter and they sleep in the house during night time. The dogs has access to portable water and the living environment. The cat was observed in the garden and Andre further stated that the cat likes to hunt since there are lot of trees at the bottom of the property.

Overall all the animals are well looked after.
