General Report Comments: Upon arrival i met Luzanne and shared a nature of complaint.

She then contacted her husband and put him on loud speaker as she wasnt comfortable. I then told her to call the dogs and she didnt have any problems with that.

The dogs were observed and all the dogs appears to be in a good condition. The dogs get along fine and they have access to water. There is a big kennel for the dogs that can protect the dogs from weather elements. Luzanne further explained that the dogs were playing and they were making noise but she rushed out to shout at the dogs so they can stop making noise. Chihuahua is the dog that likes to start problems for other dogs but she always monitor the dogs.

Luzanne is a house wife and she is always home. The living environment is clean and hygienic.

I strongly believe the case can be closed. There is no contravention of the animals protection act 71 of 1962 and there is no further action that can be taken.
