General Report Comments: Upon arrival i met Anita and she was furious based on the complain.

She kept on saying people must mind their business and she is an animal lover. The cats are her babies and people should worry. She further stated that she will be taking all the cats with and her and denied me from taking pictures at her property.

The cats have access to the house and a cattery outside that is adequete size. There is suffient space and enrichments for the cats to avoid boredom. The cats are in a good condition and the living environment is hygienic.

Anita refused to share her new address.

I strongly believe the case can be closed. There is no contravention of the animals protection act 71 of 1962
