General Report Comments: Upon arrival i went to the butchery and they directed me which address to go to.

I met Sylvester who granted me access to enter the property. Lexi was observed roaming freely on property having access to adequate shelter. Portable water is provided and the living conditions is clean.

I questioned why do they put a dog on a chain at times. He stated the dog likes to leave the property and it scratches his vehicle. I tried to convince him to sign the dog over and he refused.

I educated the owner about a running chain and the benefits. Sylvester claim they know who the complaint is and i told them that the complaint was anonymous.

I strongly believe the case can be closed. There is no contravention of the animals protection act 71 of 1962 anf there is no further action that can be taken.
