General Report Comments: I got this complaint from Sebashnee (state veterinarian) she went there to give dogs rabies vaccination .King and myself went to the property.
We were met by the owner. There were 20 dogs on the property, some of them were chained. the property was not fenced. The owner said he owns 10 dogs, 1 cat other 10 dogs belong to his clients ,all the animals appeared to be in acceptable condition. he said he was training them .the place looked very bad lots of plastic bags with old food like vegetables ,fruits and old meat .and there were 6 bags of dogs food. He said they are doing recycling .the place was very dirty with lots of flies
The situation there didn't look good, there is only one small room ,there was one gentlemen who does not look sound minded he was naked .
We told the owner that that place was not suitable to keep animals ,we told him that he needed to construct the big enclosure to keep the dogs instead of chaining them , warning was issued given 1 weeks to rectify the problem. We also contacted Relato from the Dept of health and was going go there with someone from the Dept of Social development.
