General Report Comments: Upon my arrival I was met by the owner.
There were 2 dogs on the property both dogs appeared to underweight. The owner said they were sick in December he asked the advise from his vet and his vet told him to change the diet .and she said they are much better now he is monitoring them.i ask the owner to deworm the dogs and increase the food portion ,warning was issued ,told him that I will come back in two weeks to check I also advised him about sterelisation.
On the nexday we Petra and myself returned to the property after we heard that they had 3dogs one of the dog had died.
Upon our arrival we were met by the owner ,we asked him about the other dog that died he said the dog was hit by the car on the road ,we offer to bring his both dogs to our clinic for check up but he keep on saying there was nothing wrong with his dogs so refused our offer ,we gave him dewormer and we fed the dogs ,they ate very well they don't look like they are sick .
