General Report Comments: Went to the property and met with Mr Zikhali ,he told me that they got a problems with the feral cats ,they shit every where and the people who feed them the don't clean the mess,the fire department workers are worried about their health safety.
He said he had stop the people from feeding the cats inside the property,instead he ask them to feed the cats outside the property. I saw the feeding station outside the the property near the gate . I explained to him that we cannot remove the controllered colony because other unsterelised cats are going to move in an breed .I told him that there is nothing we can do .he gave me the cell number of the cats feeder Daren 0824883742 .
I called Daren and explained that we cannot force this people to allow them feeding the cats inside the property .
The only thing they can do is to feed them outside the property and provide the with the shelters,but I think even if they feed this cats outside,they will still go inside to look for shelters.
