**CHECKLISTS**

General Report Comments: Upon arrival i hooted but no response. I pressed the intercom and the wife responded and she called her husband.

I spoke to the owner of the property over the intercom and he stated that he wanna know the complaint. He further told me that he is tired of the neighbors that are complaining cos Metro has been in and out of his property. He feel threatened now by these complaints and he won't open the gate as he wanna know where is the dog the people are complaining about. With confident he further stated that if I'm 100% sure he has a dog and I have evidence then he will allow me to enter.
