General Report Comments: Upon arrival I hooted and shouted. I could see the dogs at the property and they quickly ran to the backyard. A woman came to the gate and introduced herself as Shylet. Shylet is a maid on this property and she contacted the owner of the house to ask if am i allowed to enter the property.

She dropped the call and informed that the owner don't want anyone to enter the premises when they are not home for safety reasons. We called the dogs while i was standing at the gate but they didn't come closer the gate, they were hiding

On my observation the pitbull was still underweight and the chow still needed to be groomed. I asked about treat and the dogs hasn't been taken to the veterinarian.

I issued a warning to
-Provide the sick animal with adequate veterinarian treatment within 48 hours and provide SPCA with a veterinarian report within a given time frame. Email controller@kloofspca.co.za

Troy must be taken to the veterinarian within 48 hours and provide a veterinarian reports.

You can surrender the dog to SPCA

Warning was taken by Shylet who is a maid.
