General Report Comments: I contacted Lungi Who is the owner and she stated Nokwakha is home which is her daughter. I can speak to her also regarding the matter, i then requested her to give me her daughters number so i can call her when I'm at the gate.

I called the daughter and she granted me access. I observed the 2 dogs on the property and they are confined at the back and according to Nokwakha , Milo is naughty he's the one who went outside and attacked a puppy on the road. Nokwakha did speak to the owner of the dog that was attacked and she paid the Veterinarian bills of the puppy that was attacked. Milo is able to open the gate since the gate has arms connected to the motor which makes it easier for Milo to open the gate. They will change the gate motor and install a new gate so Milo doesn't get out again. Nokwakha is not interested to surrender the dog named Milo as he has invested so much and Milo is a family member. She further stated dogs will be moved to the front once the gate is sorted.

Nokwakha refused that i should take pictures as she believed the complaint is lying and she advised them not to sign the dogs over to SPCA. She denied that the dogs attacked anyone and the dogs have access to shelter.

I strongly believe the case can be closed. There is no contravention of the animals protection act 71 of 1962 and there is no further action that can be taken
