General Report Comments: Upon arrival I entered the property as there is no gate at the front.

I then introduced myself to the workers and ask if is there anyone home and they went to call the maid.

The maid came out and introduced myself. She stated the surname of the owner is Qhwarhu. I requested she must show me where the dogs are kept and we went to the back. The back is completely fenced and the gate is locked i couldn't see the dogs as they were kept in a cage.

The living environment has build up of feaces and there were hazardous objects observed. I explained to the maid that it is unacceptable to confine dogs in such this manner. I further explained that the fencing is secured and the dogs are not a threat to the workers.

I issued a notice to comply

- Ensure two dogs are roaming freely within 24 hours, as they were observed in a small cage so they can express animal natural behavior.
- Clean the living environment within 48 hours and remove foreign objects or hazardous objects that can cause injuries.
- Ensure the has access to water at all times.
