General Report Comments: Upon arrival i hooted and shouted. It appears no one is home.

I visited this property on 6/6/2025

I closed the case as nothing was observed wrong with the dog inspection.

I observed the dog in question clinically alert and it appears to be in a good condition. The dog is not thin and the living environment is clean. There are no faeces observed and it seems the dog is well looked after.

In my opinion the complaint doesn't want the people at this property to own this dog as she loves the dog so much. I could pick that up when i was giving her a feedback regarding this dog
It took me minutes explaining everything towards her.

I strongly believe the case can be closed. There is no contravention of the animals protection act 71 of 1962 and there is no further action that can be taken.
