General Report Comments: Lindo and myself went to the property, we were met by Mrs an Mr Hadebe there was one dog in the property, she is spayed, they told us that they have another female dog that was not starelised that female dog was not at the property at the time of inspection. The property is not fenced. We advised them to keep the dog into the property and sterelise it. They agreed to sterelize they will confine the dog and call me so that I could collect the dog for sterelization.
I called the Complainant she said she saw the dog with other 2 male dogs on the road. We went to the squatter camp nearby to look for this dog but we couldn't find it. Told the Complainant that if she see this dog she must call me or the owner.
