General Report Comments: Upon arrival i met Jacque and shared a nature of complaint.

He claimed his sister complained. I explained to him that i dont know.

I observed one dog named Lilly roaming freely at the property. The dog is in good health and clinically alert.

I then requested to see cats i only observed about 6 cats. I requested to know a number of cats at the premises and they told me about 20 cats. The cats were hiding around the property. They further explained that they are unemployed but Jacque gets assistance from his sister located in Jhb

I then told Jacque that it better to surrender animals if he is struggling financial and he told me they will think about it.

His mother was present during the inspection.
