General Report Comments: Upon arrival i met Raven who is a friend to Martin

He granted me access to the property and explained Martin went to Toti . He came to answer the questions i have since 2 Swiss Shepards belongs to him.

There are three dogs in total at the property. The Gsd in question is named Cleo and Cleo is 12 years old. Cleo can walk around fine but he struggles a been if hes been sleeping for two long. However once his blood becomes he can run around normally. Raven Explained that Cleo went out and the gardner caught him next to Pick and Pay.

Cleo didnt show any form of discomfort. All the dogs are in a good condition and roaminf freely. The living environment is clean anr the dogs has access to shelter. Portable drinking water is provided for the dogs and there are no concerns observed

I strongly believe the case can be closed there is no contravention of the animals protection act 71 of 1962 and therw is no further action that can be taken.
