General Report Comments: Upon arrival i met Baniface.

He granted me access

I shared a nature of complaint and he took me to where the dogs are kept.

One dog is kept on a running chain that is 7 to 8 meters long. The dog often escapes the property and find a way to get out as the property isnt adequetely fenced. The dog appears to be in a good condition. They have access to water and adequete shelter. The living environment is clean and hygienic. Portable water is provided for the dogs at all times.

I strongly believe the case can be closed. There is no contravention of the animals protection act 71 of 1962.
