General Report Comments: Petra and myself went to the property.
We were met by the owner who let us inside the house (Wendy house).
There were 11kittens including 4 adult cats.
All cats appeared to be in acceptable condition had access to food ad water.
She said she uses Monclair vet clinic and Durban Spca for vaccination.
When we asked her about homing kittens without sterelisation and vaccintion she said yes when the kittens are too young she let them go without sterelisation and vaccination.
We advised her to sterelised before homing them.
We are going to monitor this place by going there every moth check.
I called Montclair vet clinic for confirmation but they don't have her on their records.
