General Report Comments: Upon follow up inspection i met Edward

He granted me access. He tried to play smart asking the complainant as his lawyer wanna deal with the complain.

Politely i told him i dont know and a complain can be received as anonymous complaint

Two dogs were observed roaming freely having access to shelter and water . The living environment is clean and hygienic. Female dog is booked for a steri and the puppies were given away when they were 7 weeks old

I was granted access to the house where i observed for birds. Each bird is kept in a separate cage that is clean and hygienic. Hanging water bowl is provided.

Raptile was observed kept in a huge enclosure. Enrichments were provided and the raptile is in a good condition

I strongly believe can be closed.

There is no contravention of the animals protection act 71 of 1962 and there is no further action that can be provided.
