General Report Comments: Upon arrival i met Lilly she granted me access

One dog was roaming freely on the property. I asked to see the second dog and the dog was kept in an enclosure the dog was a bit aggressive towards the strangers. However i questioned why the dog is in enclosure if it used to the maid.

The maid get along with the dog and i asked to owner to release the dog so i can observe the true reason why this dog named Alpha is on the enclosure. The dog roamed around while i was in a car. I dont know what happened but i heard the maid screaming and she was rushed to the clinic as she was attacked by the dog.

I then tried to convince the owner to surrender the dog as it is a threat. She also stated she fears the dog but refused to surrender.

Im not gonna giveup until the dog is surrendered.
