General Report Comments: Upon arrival i hooted and it appears no one is home.

The dog in question came to the gate.

It appears the wounds have healed as they were minor. The dog is clinically alert and in good health. The dog has access to shelter and the living environment is clean.

I strongly believe that the case can be closed. There is no contravention of the animals protection act 71 of 1962 and there is no further action that can be taken..
