General Report Comments: Upon arrival i met Thembi she granted me access.

I shared a nature of complain

I observed 3 dogs roaming freely having access to a kennel and the living environment is clean. The dogs has appears to be happy and two dogs are not getting along.

No dog appears to be sick or injured and theyre in good health. One dog was surrendered

I issued a notice

It has been brought to attention that yoir kids were seen abusing the dogs by throwing them arounf anf beating the dogs up. If we should receive any evidence supporting these allegations. It may lead to further action taken against you or anyone on the property for being in contravention of the animals protection act 71 of 1962.

I strongly believe the case can be closed until further notice.
