General Report Comments: Upon arrival i met Noma

She granted me access to enter the property.

2 adult cats and 3 kittens were observed roaming freely. The cats have access to the house at times as the windows are wide. After sharing the complaint

She told me that people who have problems with cat must leave her property. She wont give away her cats and she is not interested in sterilization.

She added the day she is struggling financially the she will look into sterilization or signing the cats over.

There is no contravention of the animals protection act 71 of 1962 amd there is no further actions that can be taken

Case closed until further notice.
