General Report Comments: Upon my arrival I was met by the owner .
She owns one male bull terrier .
The dog was in good condition .
He was last vaccinated on 15 June 2026 .
When I shared the nature of the complaint with the dogs owner ,she was surprised because she said her dog never got out of the property and attacked other dog .
She wanted me to reveal the complainant .
I went out of her property and called the complainant to find out when did this thing happened ,the complainant had no clue when it happened she said she didn't not see the dog that killed her dog but she said I must asked her neighbour (bull terrier owner) to keep her dog inside her property at all the time .
Went back and apologised and and her on sterilisation .
