General Report Comments: Upon arrival i met Mohammed he granted me access.

We went to where the dog is kept. Bolie has gained a lot of weight and clinically alart. The dog has access to adequite shelter and Bolie is on a running chain. The dog in question can express animal natural behavior.

I strongly believe the case can be closed. There is no contravention of the animals protection act 71 of 1962 and there is no further action that can be taken.

I managed to sterilize the dog for Mohammed
