General Report Comments: The front of the property is enclosed with palisade fencing with wide gaps; however, the cats are solely indoor cats. The rest of the property is enclosed with precast walls of 1.8m height. The front and back of the property is separated with a steel gate with small gaps on the side of the house. The back yard contains a swimming pool that has a cover on. The Pitbull grew up with cats; therefore, is very cat friendly. He also sleeps inside the house and is inside the house most of the time during the day as the owner is always at home. The white kitten was adopted from Kattitude a week prior as as a deaf kitten which is why the cats are solely indoor cats. Food, water and litter is presen throughout the house.
