CHECKLISTS

CONFINEMENT OF ANIMALS Free roaming - in property

General Report Comments: The property is within an enclosure called Dersley Village. The entire property is enclosed with precast walls of 1.8m height. The front gate is a solid metal gate; therefore, a small dog cannot escape the yard. The yard is not separated front and back. A wooden kennel was already present for outside; however, the dog will be sleeping inside as the applicant wants a house dog. We discussed nutrition and grooming of a maltese to prepare the applicant. The applicant informed me that she has a German Shepherd dog at her parents' house so she does have knowledge about high maintenance dogs.
