Inspector:	ELIZABETH DOWN

Type:	CALL RECORD - RECEIVED
Follow-Up Date:	
Comments:	Email recieved from Grant from gtmomple@gmail.com, have requested exact position on teh Horse Shoe but vbelive it is teh same complaint Dear Sir / Madam, I was very upset to witness the atrocious conditions where a number of horses are being kept on the apex of the Horseshoe just outside of Wellington . These poor animals, with absolutely no shelter from the elements are standing in deep mud and totally drenched. I have never seen horses kept in such dire conditions, made so much worse by the current very cold and wet weather conditions. Please can you send one of your Inspectors out to assess this situation. Yours truly, Grant Momplé 083 310 9725
