| Comments:       | <p>I,Hugh arrived at the property and saw her grandson greeted him aswell as introduced myself. I then spoke to her grandson and he then mentioned that his grandmother was not home.</p> <p>I explained to him that the doctor mentioned that the dog will not recover from its injuries and we would like her to either surrender the dog to us or have it operated to end the dogs suffering .</p> <p>He mentioned he'll speak to her and we can come see her tomorrow around 1.</p> <p>To follow up tomorrow.</p> |
