General Report Comments: Elani and I,Hugh arrived at the property and we spoke to the tenants and they said he went to town.We then noticed the dogs and they seemed in worse condition .

They then called us and told us that the owner is now on his way back and he then arrived. We then greeted him and explained to him that the animals seem in worse condition.He then agreed and we told him that it seems there are veterinary problems with both animals because both seemed lethargic.

He then wanted to keep them until the weekend until his son comes back but it seemed the pitbull Dixie was going to die because she was in really bad condition and cold.

He then agreed and signed the dogs over to us.(see documents)
