General Report Comments: Elani and I,Hugh arrived at the premises and was greeted by Dawid's daughter,who from the start was a bit hesitant to communicate with us.We then introduced ourselves and asked her if we could speak to Dawid,she then said he is sleeping at the moment.

We then noticed that no changes had been done besides that the environment had been cleaned a little around the kennel.We then asked to see the dogs water and the dog had none.We then asked them to show us the dog food they had bought and they said that they are only going to have money from next week.

We then started speaking to one of the tenants who was also standing by and he decided to comply with us and seemed as if he understood what we were trying to implement and he agreed to help.
