General Report Comments: Hugh and I, Elani, arrived at the property and met with kids and Klara Goosen. We introduced ourselves and stated why we were there.

Klara was quite aloof whilst speaking to her and they claim nobody has a cellphone number that stays there. We saw that they own a mother dog with 5 puppies but they are in good condition. She mentioned that she will keep two pups and found homes for three already. When asked whether she would like to have Lady sterilized, she agreed if we get a sponsor.

Lady has a sleeping area, she did not have water and they did have Bobtail and canned food they give her.

I asked them to fill a bucket of water for her which they immediately did.

I then still issued her with a warning to:

- 1) Ensure to provide Lady with water at all times.
- 2) As discussed, we will organize a sterilization date for Lady in the following month.
- 3) Ensure to keep your dogs safely in the yard to prevent them from being knocked over at all times.

To pick up the dog on the 6th of August for sterilization on the 7th of August 2024.
