General Report Comments: Elani and I,Hugh arrived at the estates gate.We then called Jan-Hendrik and asked him whether he is available so that we could do the home check, he replied and said he is not available at the moment but his wife is and said he will open the gate for us and call us back in 2 minutes in order to guide us towards his property.

He then opened the gate and we went inside.As we went inside he called us and guided us towards his property and said his wife is expecting us so we could just knock on the door.

We knocked on the door,we were greeted by his wife and she allowed us inside.As we passed by we noticed they had one cat which was laying comfortably in the kitchen area.They showed us the cats food and also the cats water and we were pleased.

We then asked to see where the puppy will be kept and she showed us the puppies bed aswell as the the kennel they had bought over the weekend.

We were overall pleased with the setup and approved the homecheck .
