ADEQUATE SPACE AVAILABLE	Yes	
CLEAN LIVING ENVIRONMENT	Yes	
ANIMALS IN GOOD CONDITION	Yes	
VETERINARY PROBLEMS / HEALTH CO	No	
CONFINEMENT OF ANIMALS	Free roaming - in property	

General Report Comments: Elani and I,Hugh arrived at the property and noticed the gate was open. We then stood infront of the gate and called for anyone in the property. We noticed no dog at this point.

We then noticed that the front door opened and that the owner was standing in the house .We then introduced ourselves and asked if we could have access to the premises,which they then granted to us.

On our way inside the premises we noticed a small puppy coming from the backyard named Tashnika.They then told us that Tashnika does not sleep outside and we asked to see where she sleeps.They then showed us a room in which she sleeps and we also noticed a bowl of food which had been ate aswell as water.

We then asked to see the outside since she was outside and they agreed to show us .When we came to the backyard we asked them to see her water and they said that she carries her bowl around and her bowl of water in the inside is the only bowl.Elani then told them that she needs to have water even if she lives inside the house because when we arrived there she was on the outside.We then took a look at the shelters and noticed two self made shelters ,one that looked as if it was destroyed which can be fixed and another one which seemed stable but had a bit of leaks.Elani then requested that they fix the one shelter or atleast put a raised flooring in the one for days when the dog would be outside.

Warning 020 was issued to:

- 1.Provide Tashnika with adequate feed within 72 hours.
- 2.Provide water for your dog at all times.
- 3.Provide Tashnika with adequate shelter as discussed within 7 days.

Follow up friday.
