General Report Comments: Hugan and I,Hugh arrived at Andamar Oude Wellington and one of the workers Steven Mwala walked towards us.We then greeted him and explained to him why we were there .

He then mentioned that Marli was not there at the moment but I then asked him whether she mentioned to him whether we were coming on the day.He then said that she hasn't mentioned us coming.He was then very welcoming and told us that we are welcome to walk with him and look at the hooves because they have done some of them but not all.Speaking with him I could notice that he's English was not as good but he seemingly understood most of what was discussed.

He then took us towards the horses and as we were walking through we noticed that the horses in the camp in the swayback was in,those horses hooves were not trimmed.I then asked Steven how they were coping and he mentioned that they are better.I also asked him how many horses were theirs and he mentioned that they had 32 including Marli's horses.

We then headed back to the feeding room and I mentioned to him that I'm going to write up a notice to comply in order for him to give it to Marli and he agreed.

I then started writing the notice to comply and he mentioned that she usually comes around 15hoo.Steven then received the notice to comply.

While we were discussing Marli showed up and I then explained to her that all the hooves of the horses need to be done.She then mentioned that they are still patient with those horses as they are still new and a bit wild but all the rest have been done.I then mentioned I understand and asked whether they would be able to sort those hooves out in 7 days and she mentioned she would be able to.Then I handed her the notice to comply.

Notice to comply 003 was issued to:

1.Steven Mwala mentioned that about 20 of the horses hooves have been trimmed.

2.Ensure thar the rest of the hooves are trimmed within 7days as discussed with Steven.

To follow up on Thursday.
