CHECKLISTS

General Report Comments: Hugh and I Elani arrived at the property and met with Shirlene regarding Milo.

We explained that Dr Gouws did a consult and determined that the leg needs to be X rayed and possibly amputated otherwise he needs to be euthanized as the leg will constantly stay sensitive and sore.

I gave Shirlene the option to either take the dog to WAHG to get him treated or sign him over for euthanasia.

Shirlene understood and signed Milo over euthanasia.

No animals are left on the property.
