General Report Comments: I, Elani arrived at the property and met with an old woman. I introduced myself and explained why I am there. I did see 2 cats as I entered the property.

The yard was overgrown and some of the rooms in the house was hoarded with things especially the daughters room. At the entrance of her room there was two dirty dog bowls.

I then went to the back gate and saw the dog that was kept in the backyard for the moment. His nails were quite overgrown. The old lady said that they only have 4 cats. As I finished up, Marinette, the daughter arrived and I spoke with her. I also educated them about proper tivk and flea products. I also educated them about where they can go to cut Vlekkies nails. Marinette confirmed that she owns four cats and a dog of which all are sterilized.

I issued a warning to:

- 1) Ensure to cut Vlekkies nails within 7 days.
- 2) Clean yuur living space (room) from excess stuff to ensure a safe living space for you and Vlekkie within 7 days.

To check how far Marinette came with cleaning her room.
