General Report Comments: I arrived at the property and met with Marinettes mother.

Vlekkie was inside the house today on Marinettes bed. Her bed seemed to be cleaned and she seemed to have cleaned all the rubble in her room. Theres still a lot of stuff but its mostly her clothes.

All the animals have access to water and food throughout the day.

I also suggested to the mother that they need to get a gardener out to remove dry leaf litter as this poses a threat of fire.

Marinette also cut Vlekkies nails.

The mother also told me that the complainant came to her and asked yo help her. The cats in question are feral and do not belong to this property.

Owners complied.
