General Report Comments: Hugh and I, Elani arrived at the farm and did the follow ups on the two previous warnings we left.

We first went to Hondelus and saw that nothing has been changed as he still only has a metal bin as shelter and a chain as a collar. As we started drafting the warning, the owner named Dina arrived. She then said we should take the dog as her son does not want to fix things and are never there. She signed Hondelus over to us for surrender.

We then went to Lucy who was also in the same conditions as previously. Thus time a man named Philander Willemse was at home. He said he built a runner bit Lucy broke it over the weekend. I then explained to him which materials to rather use and how they can build it so that the dog still protects the yard. He also wants to make a warning sign for people to not just enter their yard. He said he wil get a cable and build the running chain.

I issued a warning to:

1) Provide Lucy with an adequate running chain as discussed within 6 day.

Philander signed the warning. To do a follow up next Tuesday.
