General Report Comments: Elani and I,Hugh arrived at the property and contacted the owner.She then mentioned that she wasn't home but will have someone come get us at the gate. We then agreed.

We then stood and waited as one of the tenants came and got us.We greeted her and she asked that we follow her.We then followed her and she led us to the property .

While driving we could see that the property was adequately fenced. We then arrived at the house and could see a dachund.The tenant then told us that the dachund was just a dog she was taking care of as the owners were building and adequate fence.

We then walked to the back and saw the two cats in the back.We also saw that the two cats had access to the house and a light In the inside for them. We were then pleased.

Home check approved.
