General Report Comments: Elani and I,Hugh arrived at the property and we were given access to the property by the owner. We went inside and greeted her.We explained to her that we were there to do the homecheck and she agreed to show us around.

We went on the porch and we noticed their dog wolfie running out .She was in good condition and very friendly.We then saw the bunnies one which was in a large cage and one which was roaming freely.We then walked to the side of the pool and saw that it had fencing around it .

We were pleased by the size of the yard and the condition of their animals .Home check approved.
