General Report Comments: Hugh and I, Elani arrived at the propert and met with the owner named Rowan. We introduced ourselves and explained why we were there.

He has a Yorki that is groomed inside the house with its own bed and in good condition .

We then went to the side and back of the house where Max is kept. This dog was scared and unpredictable. He had access to shelter and water. I emphasized that they need to o put the water in the shade and clean it every day. I also said he must fix the kennel as soon as he can.

The dog was in fair condition. However, there was no evidence of the dog being abused/ hit/ kicked. He also mentioned he does give them Nexguard every three months.

Case closed until further evidence.
