General Report Comments: Elani and I,Hugh arrived at the property and we called from the outside.The owner then came outside and we greeted him.He then gave us access.

We then met with their two dogs who were in good condition.He then agreed to show us around and we could see the yard was large enough for the animals. We then got told that the owners husband is always at home.We then moved through the house and could see a pool on the outside that was covered.We could then see their cat that they have which was also in good condition .

Overall we saw that they have well kept animals and a good yard.

Home check approved.
