General Report Comments: Elani and I,Hugh arrived at the property and was greeted by Mr.Bester. We then introduced ourselves and he allowed us access.

We could then se a large Labrador dog who was a bit older .We also saw a small dachshund who was also on the older side and two cats.

We then asked him where the dogs sleep and he showed us the bedding inside the house .Moving throughout the house we could then see a few chickens in the outside.Elani then asked him whether he has a permit to keep the chickens and he mentioned that he does not.She then requested that he were to get one and that she will send him some documents in order for him to get the permit.

We then walked towards the chicken enclosure and saw that it was a little on the dirty side .Elani then requested that he have the enclosure cleaned before we were to pass the home check. He mentioned that he will have it cleaned by later the day.

Overall the animals look quite happy and healthy.

Homecheck pending.

To see if he cleaned up tomorrow.
