CONFINEMENT OF ANIMALS	On running chain Open property

General Report Comments: Hugh and I Elani arrived at the property and met with Davine. We could see that German was able to run up and down the running chain but still did not have an adequate collar.

They also complied by building adequate shelter. The roof was not waterproofed so I educated Davine again on them having to cover the roof with plastic in the winter. She agreed.

We then assisted them with a new collar and by fixing the runner .

Owners have complied.
