General Report Comments: I, Elani arrived at the property on the way home and called Bennie. I had to apologize for being so late as we got back from Worcester quite late. I explained this to him and he told me that what angered him is that times were promised to him and he has been waiting for 8 days. I explained to him because it is out of area, there had to be an issue with Paarl SPCA doing the home check.

He allowed me in to his property. It's a farm with quite a few tenants. He has a Maltese poodle that I could see was recently groomed.

The dogs are allowed inside the house. They have a medium backyard with a kennel, dog toys, water and a newly bought Montego dog food. He said he will keep Rufus here until he is well integrated and then allow him inside the house. The property is nicely enclosed and he seems to be home throughout the day. His partner works night shifts.

Homecheck passed.
