General Report Comments: Hugh and I arrived at the property and met with the applicants. They have 3 dogs and one cat that is in very good condition.
We went inside their house and saw that every single room is prepared for animals . They had beds everywhere and steps that went to their couches and beds. They already bought toys for Joey and Jene and are well aware of how to integrate kittens into a new house. They have a pool that is covered. Rome also studies from home to keep an eye on the animals. The dogs are used to cats. They use WAHG as their veterinarian. It is a lovely house.
