General Report Comments: I arrived at the property and met with Delani and her daughter.

They live on a farm and has 3 large dogs. Their entire yard is open but enclosed by a fence with the house in the middle. They have two outside rooms and a large kennel as shelter for the dogs. They also have water. The eldest Ridgeback named Viva has aggressive cancer but still looks alright. They take their animals to WAHG in Wellington. The dogs are not allowed inside the house but Milo will be.

Akila is not sterilized as the veterinarian told them she needs to be older as she is a boerboel.

Lovely home. Home check passed.
